

## Pupil Premium Allocation 4 – Berkley School

The government has given us additional money which is on top of our normal mainstream budget. This is to target extra support for children who may appear to be financially disadvantaged and eligible for free school meals. This is called pupil Premium. It is a clearly identified sum of money and it is up to the school to decide what additional provision should be put in place for these children.

We received for the academic year 2014/15 - £13,000

The following table illustrates how we intend to spend the allocation for 2014/15

Targeted Support /Projects	Cost	Objective	Evidence/Outcomes
HLTA/Teaching Assistant 1-1 intervention 3 x week plus 1 morning in KS1 extended writing	£4000	To give extra targeted support for identified children in order to boost their literacy skills and aid progress	Pupils making progress in line with other pupils. Building their confidence and self-esteem.
Additional small group support in Guided Maths and Extended Writing	£1000	To support pupils who lack confidence, build up their self-esteem and independent skills and extend their knowledge	Targeted support ensuring good progress made by all children
Rapid maths Level 2 and 3	£250	Intervention for pupils with dyscalculia tendencies small group support materials	Improvements in their maths outcomes.
New reading book scheme where children lead the reading	£1250	To increase reading ability and to make rapid gains in reading progress. Use higher order reading skills and to develop good questioning skills	Children using these have developed very good higher order reading skills, using questioning independently.
Extra TA targeted support in class	£1000	To enable the pupils to access teaching in smaller groups to make better progress	Children making good progress in smaller groups and gaining in confidence and independence
Music opportunities – strings	£400	Increased confidence in performing to school audience and in church family services. Increase development of fine motor control skills and multi-sensory opportunities	85% of all PP children had string lessons which improved confidence and self-esteem.
